

For Immediate Release  
Oct. 2004

McBride Clinic, Inc., one of the premier musculoskeletal centers in the nation, closed on land today for new location in Norman.

The closing with First American Title, located at 133 NW 8th in Oklahoma City, took place for McBride Clinic's new location in Norman. The 17,000+ square foot clinic will be located at 36th and Tecumseh and is anticipated to open in September of 2005. McBride Clinic's current location in Norman will relocate to the new facility at that time. Services for the Norman location will include Rheumatology and Orthopedic care plus MRI, Physical Therapy and Infusion Therapy.
